

APRIL BUSINESS CONNECTIONS

BUSINESS OF THE MONTH

Liberty Center Family Medicine

Are you fed up with impersonal and inconvenient medical care? Do you dread the long waits for appointments that can stretch on for days or even weeks? Craving top-notch care with a touch of that warm, small-town vibe? If you've nodded along to any of these questions, then Liberty Center Family Medicine is tailor-made for you!

At Liberty Center Family Medicine, we embrace the Direct Primary Care (DPC) model, a revolutionary approach to healthcare. In this setup, healthcare providers are paid directly by their patients, cutting out the middleman, which means bidding farewell to all the headaches and sky-high costs. With DPC at Liberty Center Family Medicine, your healthcare provider can dedicate as much time as needed to address all your health queries and concerns in a relaxed, personal setting.
